

# How can you help?

Pray.

Give.

Serve.

In 2003 a national initiative was established primarily to mobilize the Church in America to respond to the greatest tragedy of our time – AIDS and orphans. This event, the National Day of Care, is observed annually across the country. Today you will be encouraged to pray, give, and/or volunteer. Your pastor will recommend financial gifts be given either to a church or denomination project, a humanitarian relief organization, or the the National Day of Care.

# Handing Hope to the World has never been more important . . .

. . . And you can make a difference.

In recent years and throughout history we have witnessed many natural disasters, famine and war.

However, nothing compares to the destruction caused by HIV/AIDS. AIDS is the worst humanitarian crisis ever known to mankind.

Last year 3.1 million people died of HIV/AIDS and the disease creates 6,000 orphans every single day. That's 6,000 children who will struggle to access food, education, medical care and love.

### You can help!

AIDS is destroying Africa, killing over 200,000 people every month. Just as Jesus reached out to victims of leprosy, He expects us to reach out to victims of AIDS. Tragically, the Church has been the group least likely to help those infected by AIDS. This includes over 15 million Orphans in Africa which is creating a future continent of children. If God's people will rise up and take care of them, Africa could be reached for Christ.

*Religion that God our Father accepts as pure and faultless is this: to look after orphans and widows in their distress . . .*

*James 1:27*
